

Workshop on
SCOPE FOR R&D PROJECTS
AND
PROPOSAL PREPARATION

12th May 2017

Convener

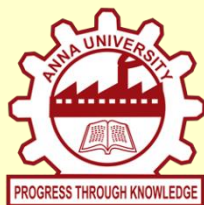

Dr. S. Thamarai Selvi

Coordinators

Dr. V. S. Senthil Kumar

Dr. M. R. Sumalatha

ANNA UNIVERSITY, CHENNAI

Organized by

CENTRE FOR TECHNOLOGY
DEVELOPMENT AND TRANSFER

Focus

- Scope for R&D projects
- Preparing project proposals
- R&D components
- Financial planning
- Presentation techniques
- Expected deliverables

Preamble

The scope for the R&D has been tremendously increasing over the years in India. Anna University, the state's premier technical university, is engaged in numerous research activities funded by various government and international funding agencies. The art of writing a research proposal can be enhanced by the knowledge shared by the experts in the appropriate field. The workshop aims to improve the R&D activities of the faculty working in Anna University and its Constituent Colleges.

Objectives

- To motivate and guide the researchers for preparing the project proposals based on the needs of the society, considering the expectations of the funding agencies.
- To assist the upcoming researchers and provide them the knowledge regarding the flow drifts of Engineering and Technology in the perspective of research.
- To explain the methods of designing successfully project proposals with expected outcomes.

- To discuss the ways in which academic research contributes to the innovative growth and the technological advancement of the society.

Resource Persons

Expert members from Central Government Funding agencies and Industry practitioners

Important Dates

Submission of Application on
or before (Post / Email) : 03.05.2017

About the University

Anna University was established on 4th September 1978. Anna University is a dynamic institution dedicated to the pursuit of academic excellence. The University has become more relevant than ever as a provider of talent, knowledge and innovation in this age of progress through knowledge. Anna University is the largest technical University, with a strength evidenced by 670 affiliated colleges and 8 lakh students on roll. The executive committee of the National Assessment and Accreditation Council has accredited the university with A grade. Recently, Anna University has been ranked the 6th among the universities in the country, 8th in engineering category and 13th in the overall category.

About the CTDT

The Centre For Technology Development and Transfer (CTDT) was established during the year 2005 to encourage Research and Technology Transfer in our university. CTDT takes initiative to help the User Agencies and the Industries in identifying possible areas of collaboration in Research activities. CTDT is responsible to interact with the Stakeholders for partnership with Industries and R&D establishment, for Research, Consultancies and Training programs of the University.

CTDT provides vision for Students and Faculty members in R&D Activities, Consultancy and Sponsored Research Projects. CTDT has also the responsibility of commercializing developed technologies through business incubation and entrepreneurship development.

REGISTRATION FORM

Workshop on

“Scope for R&D Projects and Proposal Preparation”

Name :

Designation :

Department :

Campus / Constituent college :

Mobile number:
