Dear Dr. Karthikeyan,

3. G.O.(MS).No.153 PD&SI (SP.1) Dept. Dated: 23.12.2014.

1. The Tamil Nadu Innovation Initiative (TANII) is a flagship programme of the State Planning Commission for which the Government provides a budget of Rs 150 crores every year. The aim of this non-lapsable fund is to foster innovation in the State.

2. The commission since its reconstitution in 2021 has been continuously engaging with all the departments in promoting and fostering innovative ideas that would improve governance and service delivery in the State. As a step further, I have personally visited districts and requested the district administrations to come up with innovative proposals for which the TANII funds can be utilized.

3. As we move ahead, the commission proposes to take the idea of innovation further by seeking inputs on the specific challenges and issues faced by the department for which innovative solutions can be generated and piloted. As a step in this direction, I am writing to you to send us a set of important challenges / public issues requiring innovative intervention, which can be taken up by the commission along with the department under TANII. Hence, I request you to bestow your personal attention and share with us a set of service delivery / programme implementation challenges for further brain storming at our end.

4. The challenge Statements/ public issues requiring innovative intervention can be emailed to vcspc@nic.in before 20th March 2023. A nodal officer from your department may be nominated to coordinate further on this agenda.

With warm regards
